Look to Your  
Plumbing

You know what happens in a  
house in which the plumbing is in  
poor condition—everybody in the  
house is liable to contract typhoid  
or some other fever. The diges-  
tive organs perform the same  
functions in the human body as  
the plumbing does for the house,  
and they should be kept in first  
class condition all the time. If  
you have any trouble with your  
digestion take Chamberlain's Tab-  
lets and you are certain to get re-  
lief. For sale by Karl Douglass.
